Murray Kelsey  
General Manager  
Delta Chelsea Hotel  
33 Gerrard Street West  
Toronto, Ontario M5G 1Z4

Dear Mr. Kelsey,

Delta Chelsea Hotel has both met and exceeded their waste diversion goals. Thus far in 2009, Delta Chelsea has achieved their highest diversion rate to date: 83%. By following their innovative waste diversion practices, such as organic recycling, staff training and education and the successful room waste recycling project, Delta Chelsea Hotel has become an environmental leader in the hotel industry. Turtle Island Recycling Co. worked with Delta Chelsea Hotel throughout the entire process and commends them on their insight and dedication to environmental causes.

Turtle Island Recycling Co. is proud to have had such a positive working relationship with Delta Chelsea Hotel; a relationship that has spanned the last decade. We are looking forward to all our future joint endeavors.

Sincerely,

Ted Manziaris  
President & Co-Founder
